

Mission Statement

The mission of the Master of Health Education is to provide quality education in health administration and Catholic health leadership for current health professionals with two or more years of experience in the field. Upon graduation, graduates will possess advanced competencies in health administration to better serve in leadership roles in health organizations.

Rooted in and professing fidelity to the teachings of Jesus Christ and the doctrines and heritage of the Roman Catholic Church, Saint Joseph's College, sponsored by the Sisters of Mercy, is a liberal arts college that nurtures intellectual, spiritual, and social growth in students of all ages and all faiths within a value-centered environment. In fulfillment of this Mission, Saint Joseph's College will: • foster a strong academic community dedicated to the pursuit of truth through serious study, integration of knowledge, and an ongoing dialogue between faith and reason.

In fulfillment of this mission Saint Joseph's College will:

1. encourage all students to explore widely the arts and sciences while they also prepare to live ethical and meaningful lives;
2. provide a strong foundation for graduate study, professional service, and career advancement;
3. offer in an extension of its Mission to multiple areas of the world, both degree and non-degree programs through distance education;
4. enhance students' awareness of human dignity and the meaning of life;
5. advocate for justice and peace in recognition of each person's responsibility for the welfare of both humankind and the environment.

Vision Statement

The Saint Joseph's College Master of Health Administration program aims to attract committed students of all faiths to equip them for advancement in the health administration field.
